FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog*. INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfiled records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported to General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, disease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.¹ Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."²

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.³

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various ailments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.⁴

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from \$2 to \$7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.⁵

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of crops, Tillson instructed his officers to secure contracts paying men \$12-\$13 per month, and \$8-\$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and southwestern Georgia, where "good crops" could be raised, men were to be paid \$15 per month, including board and lodging, and women \$10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."⁶

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381 orders for transportation for some 2,947 men and 1,013 children.⁷

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed \$50, or the punishment did not exceed \$50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.⁸

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.⁹

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during its first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to take on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.¹⁰

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some \$21,000 for state superintendents' salaries, the Act made available \$500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly \$105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional \$10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.¹¹

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patents, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

Head Quarters 3^d Military District
Atlanta Ga July 28. 1868

Respectfully returned to Bt Brigadier
General C. Sibley 29^a with instructions
to carry out the orders already issued
for the removal of any buildings on
the land referred to, which may have
been erected by any department, and
the prompt restoration of the land to
its legitimate owners. Before giving
this order enquiry was directed to be
made, as to what department held
possession, and by what right, of this
property, said investigation clearly showed
that this property had been taken pos-
session of by the Military Authorities and
had been used by them to this date - they
permitting a part of it to be used by the
Freedmen's Bureau - the law of 1866 par-
ticularly provided for the retention by the
military of such property as they needed, and
only such as they did not require was to
be turned over to the "Freedmen's Bureau" -

Hence it is not seen how any claim can
be set up by the Bureau except it be that the
judgment of the Bureau Quartermaster
is to over rule that of the Commanding
General. The Chief Quartermaster will per-
mit the Bureau Quartermaster to take
such buildings as can be clearly shown
were erected by the "Bureau", and such of
the buildings as were erected by the Con-
federate Government, and which the Chief
Quartermaster does not wish to retain
for public purposes should also under the
law be turned over to the Bureau Quar-
termaster, but if any public use can be
made of them, they will be so disposed of

General:

I have the honor to enclose to you copies of communications and endorsements referred to me in reference to the Government property, situated on land belonging to the Georgia Rail Road Company in this city, with the information that this property was originally erected by the so called Confederate States.

After the capture of Atlanta by the United States forces the property was taken possession of by them, and has been since that time until quite recently in use by the Quartermasters Department as stables. It has at various times been altered and rearranged by that Department to suit its purposes. In July 1864 it was enlarged at the joint expense of the Quartermasters Department and this Bureau in order to accomodate both, and was used by both until the means of transportation of the post

were moved to McPherson Barracks, since which time it has been used exclusively by this Bureau.

It cannot be seen how any of this property belongs to the Quartermaster's Department & I would most respectfully request that steps may be taken to have that Department relinquish its assumed ownership, & have it secured to this Bureau under the provisions of Section 12 of an Act of Congress passed July 16 1866 entitled "An Act to continue in force & to amend an act to establish a Bureau for the relief of Freedmen & Refugees & for other purposes" which reads as follows.

Sect 12. "And be it further enacted, That the Commissioner "
"shall have power to seize, hold, use, lease or sell all "
"buildings & tenements, & any land appertaining to the "
"same, or otherwise, formerly held under color or title "
"by the late so-called Confederate States, & not heretofore "
"disposed of by the United States & any buildings or "
"lands held in trust for the same by any person or "
"persons, & to use the same or appropriate the proceeds "

I have the honor to forward herewith vouchers of traveling expenses incurred by me in the month of July 1868, for your approval, with the request that after being approved, they be sent to the D. C. for payment.

I would respectfully invite your attention to the expenses charge in going to Le Grange, which is out of my district. I was obliged to visit that place to see the Hon Judge Mabry of the Honorable Court, who now resides at Le Grange, in order to have the instant binding out the children of James Stinson Freeman to Mr Sparrowan of the same Court, and necessarily incurred the expenses charge.

I have the honor
to present for the consideration and favor
of the Assistant Commissioner. as follows.
The Branch Bank at this place has
until this month occupied but one room.
I found the room - after some experience,
inconvenient for the proper arrangement
and management of our business and
after consultation with the Advisory Com-
mittee - with their approval, rented from
W. C. Hewitt & son the adjoining room - at
a rent of \$10. per month -

We therefore now occupy two rooms Nos.
38 and 40 Jackson Street rented from W. C.
Hewitt & son at \$50. per month from August 1st

Please have such changes effected
by the proper Officers - that rent of the two
rooms may be paid the present
month and in future - It may not

be improper to state - that since effecting
considerable improvements in the Bank-room.
our business has very much improved. and
that we have excellent prospect of increased
business the coming Fall.

I have the honor to be Sir

Gen:

I have the honour to inform you that I am notified by Genl Meade, Comdg the Deps of the South, that the garrison is to be withdrawn from Macon Ga, which requires the New Laboratory Old Laboratory & Old Armory, which have been occupied by troops, to be turned over to me. To guard & take care of the property in Macon, there are required 4 or 5 watchmen at \$1 pr day viz: one night & ^{one} day watchman for the New Laboratory, the grounds & buildings of which are extensive: one watchman at the Old Armory, & one watchman & the Ordnance Agent at the New Armory, the grounds & buildings of which are extensive & where there is some movable property. I think it may be proper to leave the Old Laboratory, which is not valuable, unguarded. The Ordnance Agent

who takes care of all this property receives
as wages \$3 pr day. There are a good many
small temporary wooden buildings near these
buildings - described above - erected for the
use of labourers engaged on the buildings,
which the Agent rents; & for which he
receives a sum total of \$70. pr month. This
deducted from \$178 - the wages of all the
men employed, leaves \$108 pr month as
the cost of taking care of the property.
I may be able to dispense with the services
of one or two watchmen after a time, by
allowing a trustworthy person to occupy a
building & use the land, in consideration of
his taking good care of it.

Your letter dated June 25th states, that,
of the property at Macau, only the New
Armory is to be turned over to the Freedman's
Bureau. Am I permitted, if I can do
so, to rent any of the other buildings?

I would respectfully recommend
that an order be obtained requiring the
Agent of the Freedman's Bureau, on receiving
the New Armory, to refer to the Ordnance

Department. The money expended in guarding
and taking care of the same. I enclose
herewith an account of the expenses incurred,
not including the pay of the Ordnance Agent.

I am very Respy

Yours or Lub

Sir: I have the honor to transmit herewith voucher and sub voucher for travelling expenses incurred in June. I went to Spring Lake 18 miles distant ~~was~~ at Capt White's suggestion to find a man whose testimony was desired in a murder case; to Hock to confer with civil authorities concerning a freedman whose life had been repeatedly threatened by unknown parties; to Atta pulgas, to visit a colored school; to Mami's plantation to bring in a freedman, whom I had repeatedly summoned in vain; to Gandy's to make a surgeon; and to Miller to obtain possession of a child unlawfully detained by Mathis. In the latter case the mother had spent all of her little store of money and had waited weeks - feeling that it

would be next to impossible to get the
civil officers to go for the child, I
sent one of Lt. Shubner's men. —

I respectfully ask that the voucher
may be approved and sent to
May. Watson for payment.

Very respectfully,

As we have had no schools during the month of Sept. I omit sending even blank report - And as we expect to get under way this mo. please send us a supply of blank reports.

In the Monthly Report "Ed. Form No. 4." still required or have we answered questions to no purpose here enough. With small appropriations to assist in building or repairing houses and the proposed aid in paying teachers I can start several schools under excellent circumstances - And as a test case I would most respectfully request an appropriation of one hundred dollars to repair a church at Darien - With this amount I can make it accommodate from seventy five to @ hundred pupils. which will no more than meet

the necessities of the place - Two Teachers would
be required both of whom can be had or employed
at Darien and paid by people aided by your
expected Peasbody Fund - Should I succeed in
obtaining this appropriation I shall take cour-
age and plead the cause of other needy neigh-
borhoods

I have the honor to report having visited Edmunds Plantation Effingham Co at the instance of certain freedmen who had rented a plantation and were planting for themselves in squads and could not agree as to division of land. was anxious that I should go to their place and make the division for them which I did to their satisfaction

Also having visited Stinesville Liberty Co at the request of Mr. Stolcombe who had made arrangements previous to his departure for the North to attend to certain cases the principal ones of which was the disbursement of \$118⁶⁰/₁₀₀ money collected by him in their favor. attended to a few minor

cases. Having to leave my office in
Javannah alone, I could not devote as
much time as I wished - having on each
occasion taken Sunday for the purpose.

Enclosed please find vouchers for expenses
incurred on each journey for your approval

General,

I have the honor to report: that I visited Sylvania, Serrin Co on the 16th ult. to secure the claims of certain freedmen against J. A. Pender, for labor.

It was reported to me, that Mr. P. was on the eve of moving to South Carolina, and that he had refused to settle with his hands. I discovered that part of his property was already removed and, not having the slightest doubt that it was the intention of Mr. Pender to elude his creditors, I caused five bail-writs to issue against him which were served in time to prevent him from removing the balance of his property consisting of cattle and farming implements.

The amount attached was ample

to satisfy the claims of the freed-laborers
is fully -

My Vouchers for actual expenses incurred
are accompanied herewith. -

I am, Sir,

General,

I have the honor
to report: that I visited the place of Mr. Kirby
in Bullock County, on the 21st ult., for the purpose
of effecting a division of the Crop. As Mr. K.
produced what appeared to me a rather
lame off-set, purposely gotten up to make
the thing balance, and reserve for himself
"the middle and both ends", and failing
to settle the matter by friendly arbitration,
I was obliged to turn the case over to
a Civil Court for adjudication.

My account for actual Expenses in-
curred is herewith accompanied.

General

I have the honor to
enclose herewith vouchers for expenses incurred in travelling
on public duty during the month of Sept, for your approval.

The object of each journey is as follows. First to Davis
& Cooper plantations to settle a difficulty where Mr Davis
reported that his employees freedmen attacked him in an
armed body. Second to Sade Walker Catron Whitfield &
Murray Counties, to find suitable persons to recommend
for notary publics in each of the Counties & attend mee-
-tings with a view to organizing schools. Third to diffe-
-rent parts of Chattooga County to see why a child was
held by a Mrs Cloudis against the father's wishes, also
why a freedwoman, who gave her children up to her
former husband, their father, persists in taking them
now after he has supported & schooled them for two years.
Fourth to Van Wert Polk Co. to settle a difficulty amicably

if possible between Freedmen & Employer as their crops
were excellent. Fifth to Cedar town to know why a girl
that had been bound to Mrs Webster had not been pro-
perly clothed & taught to read. For Cave Spring to advise
Mr Sents hands that if they did not work a portion of
their crop would go to pay for labor.

Sixth to Cave Spring to learn the whereabouts of
Nancy Wright as James M. Johnson Sub. Anti Comm.
at Chas Tenn. desired to know he having something
of importance to communicate to her.

Colonel

I have the honor to report that on visiting the Counties of my Division viz Towns. Union. Fannin. Gilmore. Murry & Chatoga. Towns the most distant has very few Freed people residing in it. What is there is doing well but so scattered that it would be impracticable to establish a school in the County. Union is better fixed I got the promise of two lots of ground One in Blairsville from John S. Fane the other in Chatoga Valley from James West of One acre each to be given in fee simple and deeded when ever called for, for the above purpose. The Freed people is in a very good condition in this County. I established in both places educational associations they are very desirous of having schools established they can raise two good schools. In Fannin County I was promised one half acre in Morganton from Levi Crawford. where a school could be started the ground given at any time when needed. In Stoneboly dist on Locust River a good school could be raised its a mining dist.

And a good many Freedpeople resides about it.
 In Gilmore County, one good school can be raised
 & furnished with a teacher and school house erected.
 Murray County can furnish four schools with the
 necessary aid, I was informed by Mr. Carter that his
 offer to Maj. C. A. McLe Mesa of one acre of land will
 be given in fee simple for school purposes when ever
 called for. A first rate school can be raised on
 Mr. Carters Plantation and he will render good aid
 in helping it along. In Oatosa County three schools
 can be established. In all of the above Counties it
 would be necessary to have buildings erected for school
 purposes and assistance rendered to the Teachers. In
 many places Teachers (White) could be furnished. In
 other places they would have to be supplied with them.
 In all of the above Counties I found the Freedpeople in
 a very fair condition, they had good Corn Crops and
 in many places their shares amounted to ~~4000~~ 5000
 Bushels. In several places I found them the owners
 of small Homesteads, also Horse power and other stock.
 My trip was ^{long} and the distance not much short of
 300 Miles I was delayed some time by the creeks
 and Rivers swollen thro the heavy rains that this
 mountain Country is subject to.

I have also the honor to inform you that
 the Election here passed of quietly and every
 Freedman voted his ticket without let or hindrance.
 cc. Hoping my report will be satisfactory

Colonel,

I have the honor to report having visited Monticello, twelve miles from Jack's in this Co. with a view to establishing a school. I find upon the plantation of Capt. Grattree a neat little Chapel, at our disposal which thirty dollars will make comfortable for school purposes. I would respectfully request that said amt. be appropriated to this use.

The People are fully awake to the enterprise and with your 25^d would support a fine school of about thirty five pupils could a competent teacher be obtained. After several days fruitless search I have abandoned my previous plan and applied to the A.M.A. for a teacher promising that the people shall pay her board, which can be obtained with Capt. Grattree.

Very Respectfully,

Murray Hogg

Sir.

I respectfully request to be furnished with a small lot of Osnaburgs, flannels, shirting & shoes etc for the manufacture of clothing for really destitute and decrepid colored people.

There are a number of people here, who without help from somewhere will suffer for clothing this winter, they are principally very old colored people who have no children to provide for them or children without parents or women who have been abandoned by their husbands & have more children to support than they are able to support by their labor.

For these classes I respectfully ask to be furnished with a small supply not exceeding half the quantity furnished to me last winter and to be authorized to manufacture it into ^{suitable} garments.

Very respectfully

Sir

I enclose herewith
two sets of pay accounts, both signed, one for Nov.
and one blank. As I expected to remain here
untill January, and did not receive notice of my
dismission untill the 3rd. it has been crowding me to
get off my returns. As I cannot close up so as
to leave here before the 19th inst; cannot my pay
be continued untill the 15th.

I was in hopes my transportation would be by
way of N.Y. as I wish very much to stop in
Washington & N.Y. on my way home.

As I must now report at Atlanta I would pre-
fer that Maj. Watson retain my pay untill I
call, and I wish that my transportation could
then be changed. I intend to have written about
it but this has come a month sooner than expected.

I hope my Returns will be all correct so that
I can settle all when I am in the City.

I cannot get an answer in less than ten days

NARR 937
but if you send me the next week I think I can
receive it the 17th and before I expect to start for the
north. It will be "cold" there, but I can't see how
it will pay me to stay here longer than to close my
business.

Siunt and family are well. I have been
suffering all day with a sick headache, and so sick
I could not sit up a part of the time, but I must
write several more letters tonight.

Please remember me to your wife May Watson
and Dr. Lang.

THE AMERICAN MISSIONARY ASSOCIATION, (CENTRAL OFFICE, 53 JOHN STREET, NEW YORK,) has been working twenty years for the African race. Since the beginning of the Rebellion it has turned special attention to the Freedmen. Whatever a wise Christian benevolence prompts in their behalf, by way of Common Schools, Normal Schools, Orphan Homes, Relief for the suffering, and direct religious effort, the Association undertakes, to the full extent of the means furnished by the friends of the colored people.

AMERICAN MISSIONARY ASSOCIATION,

Mission Home, Augusta, Ga. Dec 16th 1868.

Major Gen. Lewis.

Atlanta

Ga.

Dear Sir,

Mr. Colclash who is now at work on our buildings has told me that Major Watson says he cannot at present furnish ink wells for our desks. I felt bad about this for there is nothing really more needed and without these some of the teachers will not allow their scholars to write ~~and~~ absolutely commanded.

We have tried using the common inkstands but they are overturned almost every day and the contents spilled. The tops of the desks are not level even at the back part, and it requires but a mere touch to knock over a common ink well. We have tried the plan of common wells, gathering them up every day but it does not work. Hardly a day passes without some are broken.

The expense of the wells would not be large. Not over \$4000 I think. I summoned up courage this evening to tell the ladies what Mr. Colclash said, it was met by such a storm. I

thought I must write you at once. Mr. Colfash expects to
do all that is required here this week which I think will
require quick work and I would like if you would tell Mayor
about the inkwells. I have only asked enough wells for the
Grammar and Intermediate schools. There is truly scarce
anything we need more, and I hope you will be able to furnish
them. Some of the buildings are looking quite badly. I pointed
this out today to Mr. Colfash. He said he did not know how it
could be remedied. I think ~~the~~ ^{the} will have to be cut at
the end of the buildings on the outside so that someone
can get in between the wall and the roof then they
could see where the bad places were in the roof.

It should be attended to or the wall will soon be falling I
am afraid

Dear Sir:

I respectfully recommend that the Bureau appropriate Two Hundred Dollars, to procure Lumber, make seats & desks, put windows & door in the Logg Building already erected at Booth & Heathways Mill - near $\$7\frac{1}{2}$ a & G. R. R. in this County.

This amount will purchase the Lumber & do all the work.

I suggest that 8 Windows 18 lights each 10+12 & one door 3 feet by 7 be furnished in addition to the above appropriation of 200⁰⁰ Cash.

The building referred to is 26+36 & temporarily seated.

There is now ready for school at

that point Forty Scholars - & as many more at 7 1/2 (two miles distant) who can all attend the same school

Enclosed please find Rev^d Edmund Spencers note in regard to school at Booth & Hathaways farm.

Mr J. W. Fuller - I am informed is willing to teach the school at the usual rates.

Mr Fuller is an old citizen & perfectly competent to teach & I think will give entire satisfaction to both white & colored people.

I respectfully recommend that Mr Fuller be put on trial.

If you wish me to start this school & take charge of it together with putting the building in order; please send me definite instructions & authority.

I anticipate some trouble with those at 7 1/2 - in reference to uniting with the B & Hathaway school as both sections want

the school located at these points.

This difficulty can be overcome by plain definite preemptory action in the matter, by the Bureau.

Hoping to hear from you soon.

I remain Your Obedt
Svt

William Brewster

P.S. Mr Fuller is a white man - formerly wealthy for this section, but is sadly reduced by the late war.

W.B.

I should have stated the building referred to is new & was erected by the Freedmen for school & church purposes. Messrs Booth & Hathaway will make a title to four acres of land gratis, for the above purposes.

The musical score is written on ten staves, organized into five systems of two staves each. The notation includes treble and bass clefs, a key signature of one sharp (F#), and various musical symbols such as notes, rests, and chords. Dynamics like *ff* (fortissimo) and *p* (piano) are present. Triplet markings (3) are used in several measures. The manuscript shows signs of age, including ink bleed-through from the reverse side and some staining.

Dear Sir:

Yesterday I returned
from #7 1/2 A & G. R. R. A.

I visited two Mills belonging to
Capt. Dickson - Consulted the Whites
& Colored people interested in the
Establishment of Freedmens School
in that vicinity; also Consulted
the Whites & Colored people at 7 1/2
All anxious to have the School
Established. I Consulted Messrs Kothman
& Booth owners of the fourth point
interested in this school.

Upon Consultation in the
day time; it was thought best
to Call a meeting of all that were
concerned

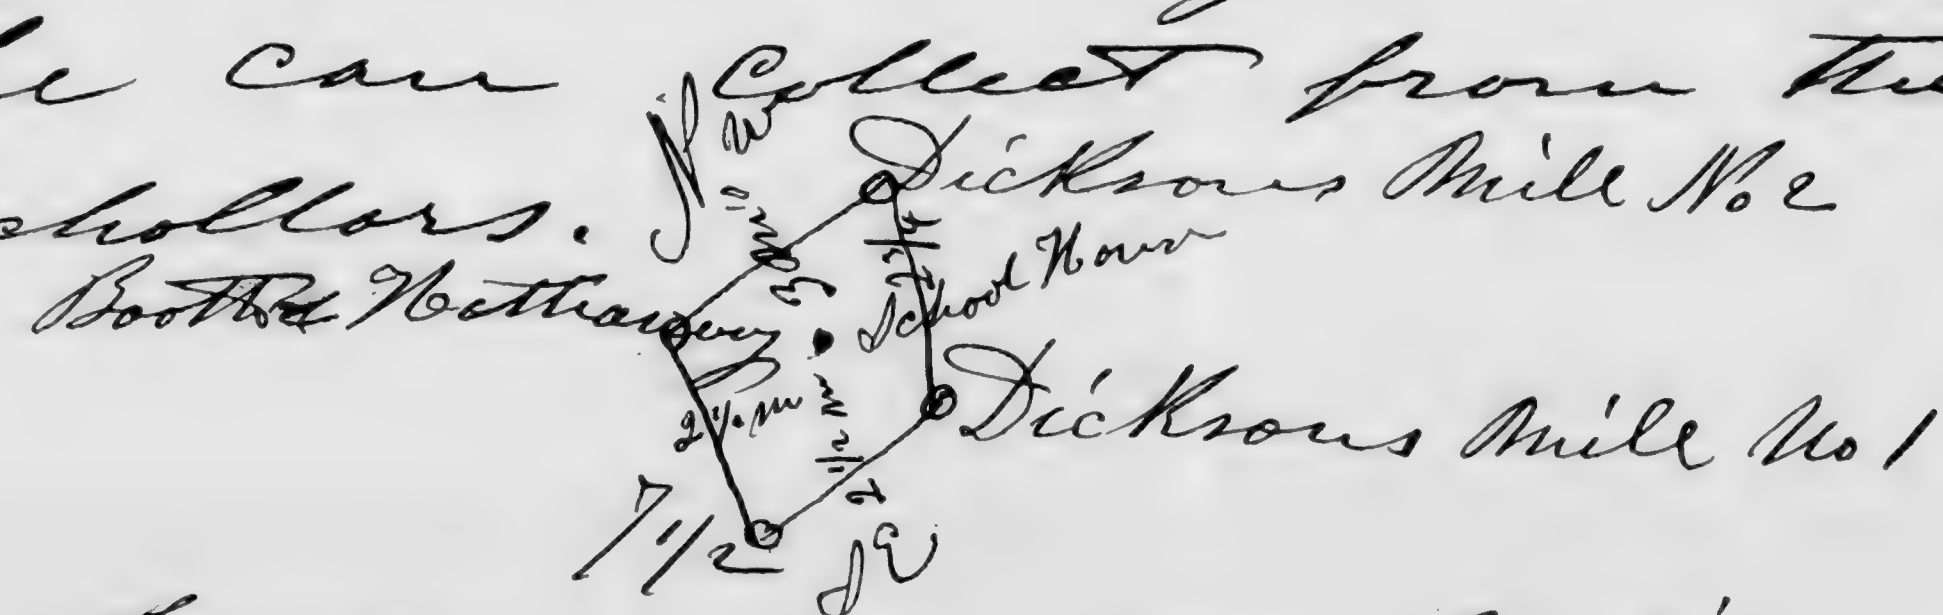

interested, in the evening, to determine if the people located at these four points were willing to establish a central point for the location of the school house, making a joint school, &c. Accordingly in the evening, I addressed those assembling & determined by a unanimous vote the following points.

First To have one school house & locate it near the central part of the neighborhood.
Secondly A. C. Hammock was selected as their teacher.

Thirdly, R. Emmet Wyllly having tendered a lease of lot Gutter, as long as needed for school house purposes, it was determined to build a neat Logg House 26 + 36 - & cover the same with good shingle roof - upon said lot & this the Colored People agreed to do by the 1st of Jan next. Provided the Bureau would furnish Floor, Seats, Windows & Door.

It is believed that near 100 scholars will attend this school 75 day & 25 night scholars, for which they can pay 25 cts Each pr month, probably the night scholars can pay 50 cts.

Mr Hammock will take the school at 50 cts pr head & furnish his own assistant, provided the Bureau is responsible for half the pay at these rates; or Mr He will take 25 \$ pr month for the day school & what he can collect from the night scholars.

The above shows the location of the 4 places to be accommodated by this school.

This arrangement will need the same appropriation from the Bureau as the completing of the Northway Building - & will secure general satisfaction & obviate the necessity of two schools.

Enclosed please find Mr Wyllly's endorsement of Mr He - as teacher. Over

Mr Fuller The person recommended in
my list by his friends did not receive
one Colored mans vote - though both
he & Mr H were present.

We are progressing slowly in getting materials together for Blackshear School House - Shingles & Blocks nearly made - $2\frac{1}{3}$ of lumber on the ground.

It is a hard job - but patience
& perseverance will finally complete
the work.

I could commence Framing the
Blackston School House on Monday
next if authorized to do so.

Please hurry up the matter &
give me the proper papers to autho-
rise my proceedings.

I visited School yesterday 28 scholars
present - Mr Thomas seems to do his
duty. Very Respectfully

 The case was this: - during last Summer
 John D. Sumption of Schley Co and one of

 at different times shot three Freeman. -
 The Superior Court of said County on the
 grand jury of the same refused to take any

 fact becoming apparent that no one would be

 as the State Courts were said to have exclusive

As will be seen by referring to my letters during the summer and fall, as Agent of this Office and acting under instructions I could in no way interfere, but having been appointed U.S. Commissioner I issued three warrants against said Sumpter under the Civil Rights Bill and directed the U.S. Marshal to arrest him. - The whole Nation here were at once on the alert. If I had such power under this law then they felt there would be some limit to their passions. The best Counsel consisting of three the ablest lawyers in S.C. Ga were retained on the defence. I knew that unaided and alone I could not expect to sustain myself in the matter. So engaged Col Goode to explain & show me the technical points in law they raised. - The great fight was on jurisdiction and in arguments of three days duration the matter was ably discussed on both sides. I overruled the motion to dismiss for want of jurisdiction and bound the party to appear at District Court of the United States in Sum of two thousand two hundred and fifty dollars. - I trust the Gov't will appreciate the position and necessity. I was under the necessity

I have the honor to recommend an appropriation of three hundred dollars "\$300." to be expended in repairing Hutchinson Church in Liberty Co. for school purposes. New gills and other improvements to amt. of about sixty dollars have been made by Col'd people under direction of Ex Agt. Holcomb and although the House is without Dash-Shutters or Dorr and but half floored and muddily seated. Jack Mallard "an excellent Col'd man" has in it a school of about sixty pupils.

Of course the children all have Colts and are liable to all their lives for their education. The above amount would put the building in good shape and when completed I doubt not we could support a school of from seventy five to one hundred pupils -

I am Sir

Very Respy

J. Murray Hough

and while I can hardly attempt to vouch for the honesty of any man so nearly a stranger I should feel constrained to attribute the "impossibility" of his School Report to an error of his understanding rather than to a dishonest intention. There were about sixty pupils present when I visited the school. I cannot say exactly the number.

With the building in order
I think we may safely count
upon a good large school.
Mallard will answer as teacher
for the present as the school
is but primary - Trusting that
the appropriation will at
once be made that work may
be completed when necessary I
submit the case to your judgment

information that Hutchinson

No 3. A.T.G. R.R. The lands
around the Church lot are, I
think, owned by Judge Trapper.
The Church & lot belong to a
Cold Church society although
no public record of any kind.
For the said society are to be found
There is no place near said Church
where a white teacher would be
apt to obtain satisfactory board.

The building I should judge
to be about 25 x 35 or 40 feet.
has two windows, good frame
and roof and is covered or
sided with slats, split. A
new house that would answer

room purpose could be built
for the amt it would require
to put this large building in
order and get the large build-
ing would be of more use
to the people as it would be
also used for Church purposes.
There is no fine place in
building - To make it at all
comfortable requires a plank
ceiling. Door windows seats.
stove and some new floor.
and in my judgment it
will consume \$300 to do this.
In saying Jack Mallard is
an "excellent Cold Man" I but
omit the opinion of the best
men in Liberty Co. where he was
born and bred. My personal
knowledge of him is of course
limited and while I regard
him as by no means brilliant
I think him earnest to do all
the good he can without any
attempt at pomp or display

Yours of the 14th is at hand & I hasten to reply. You wish to know what kind of a house I intend to build. A common log house I think will suit our purpose as well as any. We ^{will} stop up the cracks with sheeting & I suppose to build the house (after nishing the logs) with sheeting, flooring, & Chimney & other things to make it a good substantial & comfortable building will cost 45 or 50 dollars, I intend to build it my own land as private property but will use it for school purposes ^{entirely} as long as the Colored people wish to have a school upon it.

Please write & let me know immediately if these terms suit you & also what you can let ^{me} have a month, let me have furnish charts &c. If there is anything else you wish to know I will be glad to inform

Colonel,

I have the honor to enclose herewith vouchers for the services of W. P. Pierce, as clerk in the Office of Ch. Kraushenberg, Agent of this Bureau at Albany Ga for the months of November & December 1868.

Agent Kraushenberg was, at the time application was made for Mr Pierce's appointment, performing the duties of Agent of this Bureau, H. A. Long in Charge of Freedmen's Dispensary & H. A. Long in Charge of one Company of the 16th U. S. Inf. at Albany Ga. and had no clerk. The agent who had been acting as clerk in his office having been assigned to duty at Dawson Ga.

The appointment of Mr Pierce

NARA 1128

having been denied by the Commission, you authorized his employment as Hospital Steward, to the end that the duties absolutely necessary might nevertheless be performed.

Mr Pierce was therefore employed as Hospital Steward, but I learned subsequently that your authorization was given under the belief that no Hospital Steward was employed at that point.

One being already employed Mr Pierce could not be so reported, notwithstanding such authorization.

Mr Pierce's services were absolutely necessary. He has served honorably as an Officer of the Volunteer Army and as an Agent of this Bureau, and it is earnestly recommended that these accounts be allowed and paid.

Colonel,

I have the honor to request the following viz.

The sum of \$25.00 Twenty five dollars. For the purpose of assisting in the completion of our school house owing to the open & unfinished condition of our house we are unable to hold school during severe rains.

We have no desks for writing. All the writing that is done by my scholars is done at home. Which you know Sir should be done under my notice & directions. We have so near exhausted our weak pockets in purchasing lumber for flooring &c. that we have finally gone as far as possible without some

little aid. And we ~~are~~ do Sir
respectfully request the above aid
As it is absolutely necessary that
the house should be completed as
soon as possible. I will transmit
to your honor Vouchers of the ex-
penditures of the money as soon
as expended. If required.

Hoping that my statements
will prove satisfactory enough to
guarantee the aid.

I have the honor to be Sir,

At Savannah the rent was

Dear Sir:

I have the honor to refer to you a part of my claim for labor done in Collecting Materials, Organizing school, securing school house sight, having obtained nearly half the lumber subscription selected the same - got it hauled & in fact consumed more time in urging the matter to a point where we could commence the erection of the building - then it took to complete the house after we commenced the work.

In my Estimate of work on the job I put in fifty days for the Foreman, this was intended to cover gathering, materials & having a general supervision of the whole matter. I knew
over

much time & labor would be
needed before we could proceed
to building. This I cheerfully
performed, taking you at
your word & that I would be
compensated for my time.

I spent some scattering time
in November & nearly every
day in December & yet am
only allowed for my time while
actually at work at the bench

26 days in January is what

Atlanta, Ga.

Dear Sir:

I have been a house for the accommodation of me & school. - Now I call it to rent for one month. -

The rent is twelve dollars (\$12.00) per month.

I have been looking for the rent for the "School" but to see this rent with, but have come to the conclusion that as I haven't had a full month's rent, you have decided not to let me have any for that month.

I had promised to pay in advance on the strength of my contribution of money

if my side you can send
me will? He is a common man.

But the fact that we have used that
at two different seasons must have proved
us over a varicentile deed and it
to be told the whole situation in
a trial. Can anything be done;

Sir.

Before comparing our own school-house, (which we expect to do tomorrow) I would by Mr. Rockwells suggestion, report the condition of said house.

In the south room I found seven blackboards down, one slat to each south window-blind unfastened, the omission of a cord and weight in one of these windows, two slats to each window-blind unfastened, no fastenings for the outside of the west window-blind. I find plastering off of the ceiling in several places, also from north wall. The wainscoting and floor are greatly marred by drippings of paint from the blackboard. One desk has no shelf.

In the north room there is one blackboard down and three loose - one other imperfect. One slat of north window unfastened, the omission of a cord and weight in one window, two slats of the west window blind unfastened. No fastenings to either the east or west

window-blinds on the outside and no
 inside fastenings to any of them. One desk
 has no shelf and three of them no inkstands.

In recitation room are black board chairs,
 one set to one window blind fastenings.

Plastering off in several places. In both blocks
 neither hooks or shelves are to be found. One
 or two of the seats are in a poor condition.
 The plastering over the front porch
 looks badly and the outside of the house
 is fairly painted.

Very respectfully

T. S. M. Wells.

Dear Sir

I find at "Kistake" plantation, five miles south of Madison, a school in a building formerly used as a poultry-house, taught by Miss Harriet Billings of Andover Mass,

The teacher under the auspices of several Churches at Andover which contribute greatly to her support.

She has been such

for several weeks, and unable
to teach, but re-opened
her school yesterday.

She has enrolled

Day School 30

Night School 40

Sabbath School 58.

There were present in
day school to day 21,
and at the night school
last night 24 adults.

She appears to be thor-
oughly fitted for her work
and she is enthusiastic.

She regards her night
school and her Sabbath
School as her most im-
portant works.

She has expended
forty dollars in fitting
up her school room,
for windows, floor,

benches, stove, pipes &c. &c.

She has many blankets
hung up on the walls
to keep the air out.

She taught there
last year, and expects
to teach there next.

Thirty to fifty dollars
from the Bureau could
be well employed in
work upon her school
room, and I earnestly
recommend that she
be allowed a sum not
to exceed fifty
dollars.

Her night scholars
are aged from 15 to 45.

I go to Greensboro
at 9,33 A.M.

Very Respectfully

Sir

The object of this letter is respectfully to explain why there is a different name on the vouchers for rent of my schoolroom for month of March.

The entire building in which my schoolroom is situated was leased to Mr. Dunagan by the owner Mr. Jaques. The lease expired with the month of Feb. and the building reverted to Mr. Jaques to whom the rent for the month of March is now due.

Lieut. Haskell promised to explain this change at Headquarters in Atlanta but probably forgot it.

The new Duacken loss Grammars sent by mail from Atlanta arrived on Friday Apr. 16, for which I beg leave to thank the Bureau

Very Respectfully
